AFIRM Mission	3
AFIRM Vision	3
Policy Statement and Uses of This Chemistry Toolkit	3
1. Introduction	4
2. Restricted Substances Lists	5
3. Where Are the Risks?	6
4. Educating the Supply Chain	9
5. RSL Testing	11
6. RSL Implementation	12
Appendix A. Brand Strategy for RSL Management.....	13
Appendix B. Model RSL Testing Program for Brands.....	16
Appendix C. Failure Resolution Form	19
Appendix D. Examples of RSL Failures and Corrective Actions	20
Appendix E. Best Practices for Screen-Printing Applications and Finishing	31
Appendix F. Benefits of Water-based Polyurethane	32
Appendix G. Detailed Chemical Guidance Document	33
Appendix H. Safety Data Sheets	34
Appendix I. Online Resources	36
Appendix J. Glossary of Terms	40

Special Thanks

AFIRM Chemistry Toolkit task force for 2018:

Stella Chern, Drew DuBois, Frederic Felipe, Avery Linderman, Joy Marsalla, John Moraes, Phil Paterson, Sonam Priya, Mike Schaadt, Libby Sommer, Felicity Tapsell, and Han Zhang

Phylmar staff members: Nathaniel Sponsler and Elena Slagle

Outside contributor: Cenira Cristine Verona

AFIRM Chemistry Toolkit task force for 2011:

Arun Upadhyay, Andy Chen, Frank Kempe, Frank Opdenacker, Kitty Man, Mary Grim, Nathaniel Sponsler, and Ylva Holmquist

Phylmar staff members: Elizabeth Treanor, Eric Rozance, and Paige Stump

Outside contributors: Ben Mead, Dieter Sedlak, and Jane Murphy
